Re: IRB Initial Approval
Protocol #: IRB-2021-210
Title: Morals, self-interest, and frame strength**

**Approval date: November 23, 2020
Administrative Check-In date: November 22, 2021**

Dear Jefferson Gill, Simon Heuberger,

On November 23, 2020, the above-mentioned protocol was reviewed and approved via expedited review. You may now begin the research.

Notes from the reviewer appear below:

Please add the contact information for the IRB Coordinator to your consent for if the participants feel as though their rights as research subjects have been violated.

Any proposed changes to the protocol must be submitted to the IRB for review and approval prior to implementation unless such a change is necessary to avoid immediate harm to subjects.

Any unanticipated problems that involve risks to subjects or others must be reported to the IRB in accordance with American University policies and procedures.

Federal regulations no longer require annual review, however you will receive communication on November 22, 2021 to check in with your study. This notification will remind you to create a modification submission if you have changes you would like to make to your study and/or to file any incident reports you may have. Additionally, this administrative check-in serves as a reminder to log in to Cayuse and create a closure submission if your study activity has ended.

If you have any questions regarding this approval, please contact the IRB office at 202-885-3447.

Sincerely,

Matt Zembrzuski
Research Compliance Manager
